1   License Terms Summary

- **'Single Developer License'** means that the licensed tool can be installed on a single development station for the purpose of developing a licensee's application.

- **'Site Developers License'** means that the licensed tool can be installed on any number of development stations for the purpose of developing a licensee's application. All development stations are confined to only one physical location of the licensee's company.

- The NuDesign software **'Runtime License'** number defines the maximum number of licensee's computers that have the licensed NuDesign software installed at any one time.

- The NuDesign application's **'User License'** number defines the maximum number of the licensed NuDesign application installed at any one time.

- The NuDesign application's **'Site Users License'** means that the licensed application can be installed on any number of the licensee's stations. All licensee stations are confined to only one physical location of the licensee's company.

- NuDesign's '**Single Embedded Product Source Code License'** means that the licensed source code can be applied to single specific functionality embedded product, pre-identified to use a specific CPU / Operating System pair that adopts that specific functionality.

- NuDesign's **'Royalty Free Specific Embedded Product Line Runtime License'** means that the unlimited number of licensed runtimes can be applied to a single, specific functionality embedded Product Line, pre-identified to use a specific CPU / Operating System pair.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

2   Development Tools & Runtimes for Windows

2.1   SNMP Agent Development Tools with HTTP option for Windows

2.1.1   NuDesign Professional SNMP Agent Studio for Windows

2.1.1.1   Development Tools License for Professional SNMP Agent Studio for Windows

Product / Description	Product ID	Sales Price (US$)
NuDesign Professional SNMP Agent Studio for Windows (with optional HTTP access) Development License consists of: • **Visual xAgentBuilder for C++: Visual Studio integrated, C++ code generation wizard for standalone SNMPv1/v2c/v3 Windows Agents, Extension subagent DLLs or Remote AgentX subagents (with optional HTTP access to MIB instrumentation).** • **Distributable SNMPv3 / HTTP Agent Configuration Editor.** • **SDK for Multiprotocol SNMP Agent for Windows, contains SNMPv1/v2c/v3 and HTTP Windows C++ libraries.** • **Visual MIBuilder** • **Visual SNMP Traffic Monitor** • **Visual MIBrowser Professional**		
Single Developer License for NuDesign Professional SNMP Agent Studio for Windows Includes 1 set of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.1.3.	**NDT-2550**	$4,200
3 Developers License for NuDesign Professional SNMP Agent Studio for Windows Includes 3 sets of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.1.3.	**NDT-2551**	$7,800
Site Developers License for NuDesign SNMP Agent Studio for Windows Includes "Site Developers" set of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.1.3.	**NDT-2552**	$12,800

2.1.1.2   Support Contracts for Professional SNMP Agent Studio Products for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for C++ Professional SNMP Agent Studio for Windows	**NDT-255x-SC**	25% of NDT-255x
Support for SNMP Agent Source Code & Runtime SDK	**NDT- 2385-SC**	$4,000
Support for standalone SNMPv3 Agent Runtime SDK	**NDT-238x-SC**	25% of NDT-238x
	NDT-2383-SC	$2,500
Support for HTTP Agent Source Code & Runtime SDK	**NDT- 2395-SC**	$1,500
Support for standalone HTTP Agent Runtime SDK	**NDT-239x-SC**	25% of NDT-239x

The current license owners of SNMP Agent Studio for Windows receive free Visual xAgentBuilder for C++, SNMP Agent code generator for other OS/RTOS targets, with the purchase of runtime license for a new target environment.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

5

2.1.1.3 Source Code & Runtime Options for Professional SNMP Agent Studio for Windows

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License options for extension DLL, Remote AgentX subagents or standalone SNMPv3 and/or HTTP Agent, include SNMPv3/HTTP Agent Configuration Editor.		
Source Code & Runtime Licenses – SNMP option		
25 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2380**	$500
100 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2381**	$1,200
500 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2382**	$4,300
Unlimited Runtime License for standalone SNMPv3 Agent for single, specific functionality product line	**NDT-2383**	$13,000
SNMP Source Code License – add-on to Windows SNMP Agent Unlimited Runtime License	**NDT- 2385**	$17,000
Source Code & Runtime Licenses – HTTP option		
25 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2390**	$500
100 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2391**	$1,000
500 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2392**	$4,000
Unlimited Runtime License for standalone HTTP Agent for single, specific functionality product line	**NDT-2393**	$8,000
HTTP Source Code License – add-on to Windows HTTP Agent Unlimited Runtime License	**NDT- 2395**	$3,500

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

6

2.1.2 NuDesign SNMP Agent Studio for Windows

2.1.2.1 Development Tools License for SNMP Agent Studio for Windows

Product / Description	Product ID	Sales Price (US$)
NuDesign SNMP Agent Studio for Windows (with optional HTTP access) Development License consists of: • **Visual xAgentBuilder for C++: Visual Studio integrated, C++ code generation wizard for standalone SNMPv3 Windows Agents, Extension subagent DLLs or Remote AgentX subagents (with optional HTTP access to MIB instrumentation).** • **Distributable SNMPv3/HTTP Agent Configuration Editor.** • **SDK for Multiprotocol SNMP Agent for Windows, contains SNMPv1/v2c/v3 and HTTP Windows C++ libraries.**		
Single Developer License for NuDesign SNMP Agent Studio for Windows Includes 1 set of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.2.3.	**NDT-2360**	$3,000
3 Developers License for NuDesign SNMP Agent Studio for Windows Includes 3 sets of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.2.3.	**NDT-2361**	$5,500
Site Developers License for NuDesign SNMP Agent Studio for Windows Includes "Site Developers" set of agent development tools License. Runtime License is separate and needs to be selected from Section 2.1.2.3.	**NDT-2362**	$8,500

2.1.2.2 Support Contracts for SNMP Agent Studio Products for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for SNMP Agent Studio for Windows	**NDT-236x-SC**	25% of NDT-236x
Support for SNMP Agent Source Code & Runtime SDK	**NDT- 2385-SC**	$4,000
Support for standalone SNMPv3 Agent Runtime SDK	**NDT-238x-SC**	25% of NDT-238x
	NDT-2383-SC	$2,500
Support for HTTP Agent Source Code & Runtime SDK	**NDT- 2395-SC**	$1,500
Support for standalone HTTP Agent Runtime SDK	**NDT-239x-SC**	25% of NDT-239x

The current license owners of SNMP Agent Studio for Windows receive free Visual xAgentBuilder for C++, SNMP Agent code generator for other OS/RTOS targets, with the purchase of runtime license for a new target environment.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

7

2.1.2.3 Source Code & Runtime Options for SNMP Agent Studio for Windows

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License options for extension DLL, or standalone SNMPv3 and/or HTTP Agent and SNMPv3/HTTP Agent Configuration Editor.		
Source Code & Runtime Licenses – SNMP option		
25 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2380**	$500
100 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2381**	$1,200
500 extension DLL/remote/standalone SNMPv3 Agent Runtime Licenses	**NDT-2382**	$4,300
Unlimited Runtime License for standalone SNMPv3 Agent for single, specific functionality product line	**NDT-2383**	$13,000
SNMP Source Code License – add-on to Windows SNMP Agent Unlimited Runtime License	**NDT- 2385**	$17,000
Source Code & Runtime Licenses – HTTP option		
25 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2390**	$500
100 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2391**	$1,000
500 extension DLL/remote/standalone HTTP Agent Runtime Licenses	**NDT-2392**	$4,000
Unlimited Runtime License for standalone HTTP Agent for single, specific functionality product line	**NDT-2393**	$8,000
HTTP Source Code License – add-on to Windows HTTP Agent Unlimited Runtime License	**NDT- 2395**	$3,500

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

8

2.1.3 NuDesign SNMPv3 Agent Service for Windows

2.1.3.1 Runtime Options for SNMPv3 Agent Service for Windows

Product / Description	Product ID	Sales Price (US$)
Runtime License options of NuDesign SNMPv1/v2c/v3 Agent Service for Windows - seamless replacement of Microsoft SNMPv1/v2 Agent Service. Multithreaded, dynamic loading / unloading of extension DLLs. Includes distributable SNMPv3 Agent Configuration Editor. Supports MS SNMP Extension DLL API & Remote AgentX standard.		
1 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2110**	$95
25 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2100**	$650
100 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2101**	$1,400
500 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2102**	$5,500

2.1.3.2 Support Contracts for SNMPv3 Agent Service for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents.		
Support for SNMPv3 Agent Service Runtime for Windows	**NDT-21xx-SC**	25% of NDT-21xx

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

9

2.2   SNMP Manager Development Tools for Windows

2.2.1   NuDesign SNMP Manager Studio for Windows

2.2.1.1   Development Tools License for SNMP Manager Studio for Windows

Product / Description	Product ID	Sales Price (US$)
The NuDesign SNMP Manager Studio for Windows Development License provides complete SNMPv3 Manager framework and consists of: • **Visual xManagerBuilder for C++, a code generation wizard for Windows. It generates Manager Application Project for Visual Studio.** • **SNMPv1/v2c/v3 C++ Management Libraries for multithreaded SNMP Manager Application for Windows. Supports Send / Receive Traps and Informs functions.** • **Sample code in C++ demonstrating typical management functions, such as Get Table, MIB Browser, SNMP Polling Engine, Trap handling and others.** • **SNMPv1/v2c/v3 Manager Configuration Editor.**		
Single Developers License for NuDesign SNMP Manager Studio for Windows Includes 1 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 2.2.1.3.	**NDT-6600**	$3,000
3 Developers License for NuDesign C++ SNMP Manager Studio for Windows Includes 3 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 2.2.1.3.	**NDT-6601**	$5,500
Site Developers License for NuDesign C++ SNMP Manager Studio for Windows Includes "Site Developers" set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 2.2.1.3.	**NDT-6602**	$8,500

2.2.1.2   Support Contracts for SNMP Manager Studio for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for SNMP Manager Studio for Windows	**NDT-660x-SC**	25% of NDT-660x
Support for SNMPv1/v2c/v3 Manager Source & Unlimited Runtime SDK	**NDT-6735-SC**	$4,000
Support for SNMPv1/v2c/v3 Manager Runtime SDK	**NDT-673x-SC**	25% of NDT-673x
	NDT-6733-SC	$3,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

10

2.2.1.3   Source Code & Runtime Licenses for SNMP Manager Studio for Windows

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License Options for SNMP Manager Studio for Windows for use in single, specific functionality product line.		
25 Runtime License	**NDT-6730**	$500
100 Runtime License	**NDT-6731**	$1,200
500 Runtime License	**NDT-6732**	$4,300
Unlimited Runtime License for SNMPv1/v2c/v3 Manager	**NDT-6733**	$13,000
SNMPv1/v2c/v3 C++ Management Libraries Source Code License – add-on to SNMPv1/v2c/v3 Manager Unlimited Runtime License	**NDT-6735**	$17,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

11

2.2.2　SNMP Developer's Controls for Windows

2.2.2.1　Development and Runtime Licenses for SNMPv3 Control

Product / Description	Product ID	Sales Price (US$)
Full support for SNMPv1/v2c/v3 with capability to send/receive traps and informs. This product consists of an SNMPv3 ActiveX Control and sample code in VB, C# and C++.		
Single Developer Seat License, runtimes separate	**NDT-1030**	$3,000
3 Developer Seats License, runtimes separate	**NDT-1031**	$5,500
Site Developer Seats License, runtimes separate	**NDT-1032**	$8,500
25 Runtime License	**NDT-1035**	$500
100 Runtime License	**NDT-1036**	$1,200
500 Runtime License	**NDT-1037**	$4,300
Unlimited Runtime License for SNMPv3 single, specific functionality product	**NDT-1038**	$13,000
SNMPv1/v2c/v3 Library Source Code License – add-on to the Unlimited Runtime License	**NDT-1040**	$17,000

Note: The SNMPv3 Control is also available with AuthNoPriv option to accommodate export license requirements.

2.2.2.2　Development & Runtime Licenses for SNMP MIB Compiler Control

Product / Description	Product ID	Sales Price (US$)
SNMP MIB Compiler Control		
single developer seat license, runtimes separate	**NDT-1210**	$2,500
3 developer seats license, runtimes separate	**NDT-1213**	$5,500
site developer seats license, runtimes separate	**NDT-1211**	$8,500
25 runtime license	**NDT-1235**	$500
100 runtime license	**NDT-1236**	$1,200
500 runtime license	**NDT-1237**	$3,800
Unlimited runtime license	**NDT-1238**	$9,000
MIB Compiler Control / C++ Library Source Code License – add-on to Unlimited Runtime License	**NDT-1240**	$8,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

12

2.2.2.3 Support Contracts for SNMP Developer's Controls

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
SNMP Developer's ActiveX Controls Support Contracts		
SNMPv3 Control Developer Seat	**NDT-103x-SC**	25% of NDT-103x
SNMPv3 Control Runtimes	**NDT-103x-SC**	25% of NDT-103x
	NDT-1038-SC	$3,000
SNMPv3 Control Source and Unlimited Runtimes	**NDT-1040-SC**	$4,000
SNMP MIB Compiler Control Developer Seat	**NDT-121x-SC**	25% of NDT-121x
SNMP MIB Compiler Control Runtimes	**NDT-123x-SC**	25% of NDT-123x
	NDT-1238-SC	$2,000
SNMP MIB Compiler Control Source and Unlimited Runtimes	**NDT-1240-SC**	$3,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

13

3   Development Tools & Runtimes for Linux & Embedded Systems

3.1   YANG Agent Development Tools with NETCONF, SNMP & CLI Access for Linux & Embedded

Please contact NuDesign directly for quotation and licensing information with regards to NETCONF / YANG Agent Development Tools and SDKs: the YANG Datastore Server Builder and NETCONF, CLI and SNMP Access Agents.

phone: 1 416 737 0328

toll-free: 1 866 886 7667

email: contact@ndt-inc.com

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

14

3.2   SNMP Agent Development Tools with HTTP option for Linux & Embedded

3.2.1   NuDesign SNMP Agent Studio for Linux

3.2.1.1   Development Tools License for SNMP Agent Studio for Linux

Product / Description	Product ID	Sales Price (US$)
The NuDesign SNMP Agent Studio for Linux (with optional HTTP access) Development License consists of: • **Visual Embedded xAgentBuilder for C++, Linux Edition: Windows hosted (or Command Line for Linux Host), C++ code generation wizard for standalone SNMPv3 Linux Agents, dynamically loadable extension DLL's and/or Remote AgentX subagents (optional HTTP access to MIB instrumentation). It generates agent projects for Linux development environment (GNU Make, KDevelop).** • **Windows hosted SNMPv3/HTTP Agent Configuration Editor.** • **SDK for Multiprotocol SNMP Agent for Linux, contains SNMPv1/v2c/v3 and HTTP Linux C++ libraries. The MIB II and Host Resources MIB implementations are included.**		
Single Developer License for NuDesign C++ SNMP Agent Studio for Desktop Linux Includes 1 set of agent development tools license. Runtime License is separate and needs to be selected from Section 3.1.1.3.	**NDT-3600**	$3,000
3 Developers License for NuDesign C++ SNMP Agent Studio for Linux Includes 3 sets of agent development tools license. Runtime License is separate and needs to be selected from Section 3.1.1.3.	**NDT-3601**	$5,500
Site Developers License for NuDesign C++ SNMP Agent Studio for Linux Includes "Site Developers" set of agent development tools license. Runtime License is separate & needs to be selected from Section 3.1.1.3.	**NDT-3602**	$8,500

3.2.1.2   Support Contract for SNMP Agent Studio Products for Linux

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for C++ SNMP Agent Studio for Linux	**NDT-360x-SC**	25% of NDT-360x
Support for extension DLL/remote/standalone SNMPv3 Agent Runtime SDK	**NDT-338x-SC**	25% of NDT-338x
Support for extension DLL/remote/standalone HTTP Agent Runtime SDK	**NDT-339x-SC**	25% of NDT-339x

The current license owners of SNMP Agent Studio for Linux receive free Visual xAgentBuilder for C++, SNMP Agent code generator for other OS/RTOS targets, with the purchase of runtime license for a new target environment.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

15

3.2.1.3 Source Code & Runtime Options for SNMP Agent Studio for Linux

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License options for SNMPv3 and/or HTTP Linux Agent and SNMPv3/HTTP Agent Configuration Editor. Includes MIB II and Host Resources MIB implementations.		
Source Code & Runtime Licenses – SNMP option		
25 SNMPv3 Agent Runtime Licenses	**NDT-3380**	$500
100 SNMPv3 Agent Runtime Licenses	**NDT-3381**	$1,200
500 SNMPv3 Agent Runtime Licenses	**NDT-3382**	$4,300
Source Code & Runtime Licenses – HTTP option		
25 HTTP Agent Runtime Licenses	**NDT-3390**	$500
100 HTTP Agent Runtime Licenses	**NDT-3391**	$1,000
500 HTTP Agent Runtime Licenses	**NDT-3392**	$4,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

16

3.2.2   NuDesign SNMPv3 Agent Service for Linux Servers (SNMPv3 daemon)

3.2.2.1   Runtime Options for SNMPv3 Agent Service for Linux Servers

Product / Description	Product ID	Sales Price (US$)
Runtime License options of NuDesign SNMPv1/v2c/v3 Agent Service for Linux. Multithreaded, supports dynamic loading / unloading of extension DLLs. Supports SNMP extension DLL API & Remote AgentX standard. The MIB II and Host Resources MIB implementations are included.		
1 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3110**	$95
25 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3100**	$650
100 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3101**	$1,400
500 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3102**	$5,500

3.2.2.2   Support Contracts for SNMPv3 Agent Service for Linux Servers

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents.		
Support for SNMPv3 Agent Service Runtime for Linux	**NDT-31xx-SC**	25% of NDT-31xx

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

17

3.2.3 NuDesign SNMP Agent Studio for Embedded Linux & RTOS

3.2.3.1 Development Tools License for SNMP Agent Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
The NuDesign SNMP Agent Studio for Embedded Linux & RTOS (with optional HTTP access) Development License consists of: • **Visual Embedded xAgentBuilder for C++, Embedded Linux & RTOS Edition: Windows hosted, C++ code generation wizard (or Command Line for Linux Host) for embedded SNMPv1/v2c/v3 Agents, standalone or Master Agent and dynamically loadable extension and/or Remote AgentX subagents are supported (with optional HTTP access to MIB instrumentation). It generates complete agent project for Embedded Linux & RTOS and its development environment.** • **Windows hosted SNMPv3/HTTP Agent Configuration Editor.** • **SDK for Multiprotocol SNMP Agent for Embedded Linux & RTOS, contains SNMPv1/v2c/v3 and HTTP C++ libraries for specific embedded environment.**		
Single Developers License for NuDesign SNMP Agent Studio for Embedded Linux & RTOS Includes 1 set of agent development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.1.2.3.	**NDT-4300**	$3,000
3 Developers License for NuDesign SNMP Agent Studio for Embedded Linux & RTOS Includes 3 set of agent development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.1.2.3.	**NDT-4301**	$5,500
Site Developers License for NuDesign SNMP Agent Studio for Embedded Linux & RTOS Includes "Site Developers" set of agent development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.1.2.3.	**NDT-4302**	$8,500

3.2.3.2 Support Contracts for SNMP Agent Studio Products for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for SNMP Agent Studio for Embedded Linux & RTOS	**NDT-43xx-SC**	25% of NDT-430x
Support for SNMPv1/v2c/v3 Agent Source Code & Runtime SDK	**NDT-4430-SC**	$4,000
Support for SNMPv1/v2c/v3 Agent Runtime SDK	**NDT-4433-SC**	$3,000
Support for SNMPv1/v2c Agent Source Code & Runtime SDK	**NDT-4420-SC**	$2,000
Support for SNMPv1/v2c Agent Runtime SDK	**NDT-4423-SC**	$1,500
Support for HTTP Agent Source Code & Runtime SDK	**NDT-4440-SC**	$1,000
Support for HTTP Agent Runtime SDK	**NDT-4443-SC**	$750

The current license owners of SNMP Agent Studio for Embedded Linux & RTOS receive free Visual xAgentBuilder for C++, SNMP Agent code generator for other OS/RTOS targets, with the purchase of runtime license for a new target environment.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

18

3.2.3.3   Source Code & Runtime Licenses for SNMP Agent Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License Options for Embedded SNMPv3 / SNMPv1/v2 & HTTP Agent for use in single, specific functionality Embedded Product Line.		
Single Embedded Product License – SNMPv1/v2c/v3 options		
Source Code & Unlimited Runtime License for Embedded SNMPv3 Agent for single, specific functionality product line.	**NDT-4430**	$26,000
Unlimited Runtime License for Embedded SNMPv1/v2c/v3 Agent for single, specific functionality product line.	**NDT-4433**	$15,000
SNMPv1/v2c/v3 Source Code License – add-on to Embedded SNMPv1/v2c/v3 Agent Unlimited Runtime License	**NDT-4434**	$15,000
Single Embedded Product License – SNMPv1/v2c options		
Source Code & Unlimited Runtime License for Embedded SNMPv1/v2c Agent for single, specific functionality product line.	**NDT-4420**	$14,000
Unlimited Runtime License for Embedded SNMPv1/v2c Agent for single, specific functionality product line.	**NDT-4423**	$8,000
SNMPv1/v2c Source Code License – add-on to Embedded SNMPv1/v2c Agent Unlimited Runtime License	**NDT-4424**	$8,000
Single Embedded Product License – HTTP options		
Source Code & Unlimited Runtime License for Embedded HTTP Agent for single, specific functionality product line.	**NDT-4440**	$10,000
Unlimited Runtime License for Embedded HTTP Agent for single, specific functionality product line.	**NDT-4443**	$8,000
HTTP Agent Source Code License – add-on to Embedded HTTP Agent Unlimited Runtime License	**NDT-4444**	$3,500

Note:

The source code license along with Visual xAgentBuilder for C++, Embedded Linux & RTOS Edition tool include complete sources to build SNMPv1/v2c or SNMPv1/v2c/v3 and HTTP agents for embedded environments. The major source code components are: SNMPv1/v2c or SNMPv1/v2c/v3 protocol stacks, MIB II code, MIB Handler, HTTP Server Plug-in, Open SSL Crypto as needed, interface to non-volatile storage and others.

Supported today are: QNX Neutrino®, ENEA OSE RTOS, MontaVista Software and SnapGear / uCLinux Embedded Linux, generic Linux distributions and WindRiver VxWorks.

Please call for update on the embedded environment of interest to your program.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

19

3.3   CLI Development Tools for Embedded Linux & RTOS Systems

3.3.1   NuDesign Hierarchical CLI Builder Studio for Embedded Linux & RTOS

3.3.1.1   Development License for CLI Builder Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
<u>The NuDesign CLI Builder Studio for Embedded Linux & RTOS Development License consists of:</u> • **Visual Embedded xCLI Builder for C++, the Java VM hosted, visual builder & C++ code generation wizard for embedded Command Line Interface. It generates complete hierarchical CLI application project for Embedded Linux & RTOS and its development environment.** • **SDK for CLI Application for Embedded Linux & RTOS, contains CLI C++ libraries for specific embedded environment.**		
Single Developers License for NuDesign CLI Builder Studio for Embedded Linux & RTOS Includes 1 set of CLI Application development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.2.1.3.	**NDT-4700**	$2,000
3 Developers License for NuDesign CLI Builder Studio for Embedded Linux & RTOS Includes 3 set of CLI Application development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.2.1.3.	**NDT-4701**	$3,600
Site Developers License for NuDesign CLI Builder Studio for Embedded Linux & RTOS Includes "Site Developers" set of CLI Application development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.2.1.3.	**NDT-4702**	$5,600

3.3.1.2   Support Contracts for CLI Builder Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for C++ CLI Builder Studio for Embedded Linux & RTOS	**NDT-47xx-SC**	25% of NDT-470x
Support for CLI Application Source Code & Unlimited Runtime SDK	**NDT-4830-SC**	$3,000
Support for CLI Application Unlimited Runtime SDK	**NDT-4833-SC**	$2,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

20

3.3.1.3 Source Code & Runtime Licenses for CLI Builder Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License Options for Embedded CLI Application for use in single, specific functionality Embedded Product Line.		
Source Code & Unlimited Runtime License for Embedded CLI Application for single, specific functionality product line.	**NDT-4830**	$19,000
Unlimited Runtime License for Embedded CLI Application for single, specific functionality product line.	**NDT-4833**	$14,000
CLI Source Code License – add-on to Embedded CLI Application Unlimited Runtime License.	**NDT-4834**	$9,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

21

3.4   SNMP Manager Development Tools for Embedded Linux & RTOS

3.4.1   NuDesign SNMP Manager Studio for Embedded Linux & RTOS

3.4.1.1   Development Tools License for SNMP Manager Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
The NuDesign SNMP Manager Studio for Embedded Linux & RTOS Development License provides complete SNMPv3 Manager framework and consists of: • **Visual Embedded xManager Builder for C++, a code generation wizard for Embedded Linux & RTOS. Windows hosted, it generates Manager Application Project for Embedded Linux & RTOS development environment.** • **SNMPv1/v2c/v3 C++ Management Library for multithreaded SNMP Manager Application for Embedded Linux & RTOS. Supports Send / Receive Traps and Informs functions.** • **Sample code in C++ demonstrating typical management functions, such as Get Table, MIB Browser, SNMP Polling Engine, Trap handling and others.** • **Windows hosted SNMPv1/v2c/v3 Manager Configuration Editor.**		
Single Developer License for NuDesign SNMP Manager Studio for Embedded Linux & RTOS Includes 1 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.1.3.	**NDT-6300**	$3,000
3 Developers License for NuDesign SNMP Manager Studio for Embedded Linux & RTOS Includes 3 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.1.3.	**NDT-6301**	$5,500
Site Developers License for NuDesign SNMP Manager Studio for Embedded Linux & RTOS Includes "Site Developers" set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.1.3.	**NDT-6302**	$8,500

3.4.1.2   Support Contracts for SNMP Manager Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for C++ SNMP Manager Studio for Embedded Linux & RTOS	**NDT-630x-SC**	25% of NDT-630x
Support for SNMPv1/v2c/v3 Manager Source Code & Runtime SDK	**NDT-6430-SC**	$4,000
Support for SNMPv1/v2c/v3 Manager Runtime SDK	**NDT-6433-SC**	$3,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

22

3.4.1.3   Source Code & Runtime License for SNMP Manager Studio for Embedded Linux & RTOS

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License Options for SNMP Manager Studio for Embedded Linux & RTOS for use in single, specific functionality Embedded Product Line.		
Source Code & Unlimited Runtime License for Embedded SNMPv3 Manager for single, specific functionality product line.	**NDT-6430**	$26,000
Unlimited Runtime License for Embedded SNMPv1/v2c/v3 Manager for single, specific functionality product line.	**NDT-6433**	$15,000
SNMPv1/v2c/v3 Source Code License – add-on to Embedded SNMPv1/v2c/v3 Manager Unlimited Runtime License	**NDT-6434**	$15,000

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

23

3.4.2 NuDesign SNMP MIB Compiler C++ Library for Linux

3.4.2.1 Development License for SNMP MIB Compiler C++ Library for Linux

Product / Description	Product ID	Sales Price (US$)
Development seat for SNMP MIB Compiler C++ Library for Linux		
Single Developer License for NuDesign SNMP MIB Compiler C++ Library for Linux Includes 1 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.2.3.	**NDT-6900**	$2,500
3 Developers License for NuDesign SNMP MIB Compiler C++ Library for Linux Includes 3 set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.2.3.	**NDT-6901**	$5,500
Site Developers License for NuDesign SNMP MIB Compiler C++ Library for Linux Includes "Site Developers" set of manager development tools License. Source Code & Runtime License is separate and needs to be selected from Section 3.3.2.3.	**NDT-6902**	$8,500

3.4.2.2 Support Contracts for SNMP MIB Compiler C++ Library for Linux

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Support for Development Seat for SNMP MIB Compiler C++ Library	**NDT-690x-SC**	25% of NDT-690x
Support for SNMP MIB Compiler C++ Library Source Code & Unlimited Runtime SDK	**NDT-6930-SC**	$2,000
Support for SNMP MIB Compiler C++ Library Unlimited Runtime SDK	**NDT-6933-SC**	$1,500

3.4.2.3 Source Code & Runtime License for SNMP MIB Compiler C++ Library for Linux

Product / Description	Product ID	Sales Price (US$)
Source Code & Runtime License Options for NuDesign SNMP MIB Compiler C++ Library for Linux for use in single, specific functionality Embedded Product Line.		
Source Code & Unlimited Runtime License for MIB Compiler C++ Library for single, specific functionality product line.	**NDT-6930**	$14,000
Unlimited Runtime License for MIB Compiler C++ Library for single, specific functionality product line.	**NDT-6933**	$9,000
SNMP MIB Compiler C++ Library Source Code License – add-on to Unlimited Runtime License	**NDT-6934**	$8,000

4   SNMP Applications for Developers

4.1   Visual MIBrowsers, Visual SNMP Traffic Monitor & Visual MIBuilder for MS Windows

4.1.1   User Licenses for SNMP Developer's Applications

Product / Description	Product ID	Sales Price (US$)
Visual MIBrowser Professional		
single user license	**NDT-2060**	$600
3 users license	**NDT-2061**	$1,600
site users license	**NDT-2062**	$5,800
Visual MIBrowser		
single user license	**NDT-2000**	$400
3 users license	**NDT-2001**	$1,000
site users license	**NDT-2002**	$3,400
Visual MIBuilder		
single user license	**NDT-2020**	$900
3 users license	**NDT-2021**	$2,500
site users license	**NDT-2022**	$4,400
Visual SNMP Traffic Monitor		
single user license	**NDT-2010**	$500
3 users license	**NDT-2011**	$1,250
site users license	**NDT-2012**	$2,450
SNMP Applications Bundle **(Visual MIBrowser, Visual SNMP Traffic Monitor & Visual MIBuilder)**		
single user license	**NDT-2050**	$1,000
3 users license	**NDT-2051**	$2,850
site users license	**NDT-2052**	$7,200
SNMP Pro Applications Bundle **(Visual MIBrowser Pro, Visual SNMP Traffic Monitor & Visual MIBuilder)**		
single user license	**NDT-2080**	$1,250
3 users license	**NDT-2081**	$3,550
site users license	**NDT-2082**	$9,500

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

25

4.1.2　Support Contracts for SNMP Developer's Applications

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Visual MIBrowser Professional	**NDT-206x-SC**	25% of NDT-206x
Visual MIBrowser	**NDT-200x-SC**	25% of NDT-200x
Visual MIBuilder	**NDT-202x-SC**	25% of NDT-202x
Visual SNMP Traffic Monitor	**NDT-201x-SC**	25% of NDT-201x
SNMP Applications Bundle (Visual MIBrowser & Visual MIBuilder)	**NDT-205x-SC**	25% of NDT-205x
SNMP Pro Applications Bundle (Visual MIBrowser Pro & Visual MIBuilder)	**NDT-208x-SC**	25% of NDT-208x

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

26

5   SNMP Applications for OEM and End User

5.1   Visual MIBrowsers for Windows

5.1.1   User Licenses for Visual MIBrowsers

Product / Description	Product ID	Sales Price (US$)
Visual MIBrowser Professional		
single user license	**NDT-2060**	$600
3 users license	**NDT-2061**	$1,600
site users license	**NDT-2062**	$5,800
Visual MIBrowser		
single user license	**NDT-2000**	$400
3 users license	**NDT-2001**	$1,000
site users license	**NDT-2002**	$3,400

5.1.2   Support Contracts for Visual MIBrowsers

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Visual MIBrowser Professional	**NDT-206x-SC**	25% of NDT-206x
Visual MIBrowser	**NDT-200x-SC**	25% of NDT-200x

5.2   Visual SNMP Traffic Monitor for Windows

5.2.1   User Licenses for Visual SNMP Traffic Monitor

Product / Description	Product ID	Sales Price (US$)
Visual SNMP Traffic Monitor		
single user license	**NDT-2010**	$500
3 users license	**NDT-2011**	$1,250
site users license	**NDT-2012**	$2,450

5.2.2   Support Contracts for Visual SNMP Traffic Monitor

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents		
Visual SNMP Traffic Monitor	**NDT-201x-SC**	25% of NDT-201x

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

27

5.3   NuDesign SNMPv3 Agent Service for Windows

5.3.1   Runtime Options for SNMPv3 Agent Service for Windows

Product / Description	Product ID	Sales Price (US$)
Runtime License options of NuDesign SNMPv1/v2c/v3 Agent Service for Windows - seamless replacement of Microsoft SNMPv1/v2 Agent Service. Multithreaded, dynamic loading / unloading of extension DLLs. Includes distributable SNMPv3 Agent Configuration Editor. Supports SNMP Extension DLL API & Remote AgentX standard.		
1 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2110**	$95
25 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2100**	$650
100 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2101**	$1,400
500 NuDesign SNMPv3 Agent Service for Windows Runtime License	**NDT-2102**	$5,500

*   please contact us for large volume Enterprise pricing

5.3.2   Support Contracts for SNMPv3 Agent Service for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents.		
Support for SNMPv3 Agent Service Runtime for Windows	**NDT-21xx-SC**	25% of NDT-21xx

5.4   NuDesign SNMPv3 Agent Service for Linux Servers (SNMPv3 daemon)

5.4.1   Runtime Options for SNMPv3 Agent Service for Linux Servers

Product / Description	Product ID	Sales Price (US$)
Runtime License options of NuDesign SNMPv1/v2c/v3 Agent Service for Linux. Multithreaded, supports dynamic loading / unloading of extension DLLs. Supports SNMP extension DLL API & Remote AgentX standard. The MIB II and Host Resources MIB subagents are included.		
1 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3110**	$95
25 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3100**	$650
100 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3101**	$1,400
500 NuDesign SNMPv3 Agent Service for Linux Runtime License	**NDT-3102**	$5,500

*   please contact us for large volume Enterprise pricing

5.4.2   Support Contracts for SNMPv3 Agent Service for Linux Servers

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents.		
Support for SNMPv3 Agent Service Runtime for Linux	**NDT-31xx-SC**	25% of NDT-31xx

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

28

5.5   NuDesign SNMP Middle Layer Manager (MLM) Server for Windows

5.5.1   Runtime Options for SNMP Middle Layer Manager (MLM) Server for Windows

Product / Description	Product ID	Sales Price (US$)
Runtime License options for NuDesign SNMP MLM Server for Windows – provides for highly scalable SNMP monitoring of remote SNMP domains. It contains Alarm Detection, Event Management, Trending, Notification Manager, SQL Database interface and Reporting support (SQL Database is not included). Includes SNMPv3 MLM Server Configuration Editor.		
NuDesign SNMP Middle Layer Manager for Windows Runtime License	**NDT-16600**	**please call**

5.5.2   Support Contract for SNMP Middle Layer Manager Server (MLM) for Windows

Product / Description	Product ID	Sales Price (US$)
Support Contract offers one year of product maintenance updates plus 10 support incidents.		
Support for NuDesign SNMP MLM Server for Windows	**NDT-16600-SC**	**please call**

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

6 Extended Support Contracts

Product / Description	Product ID	Sales Price (US$)
Prepaid up to 5 hours design consulting services	**NDT-5000**	$625
Prepaid up to 10 hours design consulting services	**NDT-5001**	$1,200
Four months extended support contract. Guaranteed next day response time. Ten hours per month limit. Non cumulative.	**NDT-5005**	$5,000
Four months extended support contract. Guaranteed next day response time. Twenty hours per month limit. Non cumulative.	**NDT-5006**	$8,800
One year extended support contract. Guaranteed next day response time. Ten hours per month limit. Non cumulative.	**NDT-5015**	$13,200
One year extended support contract. Guaranteed next day response time. Twenty hours per month limit. Non cumulative.	**NDT-5016**	$24,000
User supplies compiling MIB, NuDesign ships MS Windows extension DLL source code & 25 DLL runtime license.	**NDT-5007**	$1,500
Extended design consulting services tailored to the specific needs are available		**please call**

7 Agent Development Classes

7.1 SNMP Agent

Product / Description	Product ID	Sales Price (US$)
<u>SNMP Agent Development Course covers:</u> • **SNMP fundamentals.** • **Working with NuDesign's Visual xAgentBuilder for C++, multiprotocol SNMP Agent code generator.** • **Review of libraries - configuration, decomposition, directories, how to build, and build options.** • **MIB instrumentation examples and strategies.**		
Two full days course at NuDesign's Toronto facility, up to two people	**NDT-5500**	$2,500
Each additional person, up to max 5 people per course	**NDT-5501**	$850

7.2 NETCONF / YANG Agent

Product / Description	Product ID	Sales Price (US$)
<u>NETCONF / YANG Agent Development Course covers:</u> • **NETCONF / YANG fundamentals.** • **Working with NuDesign's YANG Datastore Server Builder, code & support files generation.** • **Review of libraries - configuration, decomposition, directories, how to build, and build options.** • **YANG instrumentation examples and strategies.**		
Two full days course at NuDesign's Toronto facility, up to two people	**NDT-5600**	$2,500
Each additional person, up to max 5 people per course	**NDT-5601**	$850

Product availability, terms and price are subject to change without notice. All prices are in US dollars.

30

8   Product Upgrade Pricing

Product / Description	Product ID	Sales Price (US$)
Major Upgrade Release		
upgrade to a new, major product release. (Support Contract for Upgrades is 25% of product list price)	**NDT-xxxx-U** (buying NDT-xxxx product as an Upgrade)	credit 50% of current License price toward upgraded product purchase if within 2 years of original purchase
Development Tools / Support Contracts License Upgrade		
upgrade to higher volume Development Tools / Support Contracts License	**NDT-xxxx-LU** (buying NDT-xxxx product as an License Upgrade)	credit 50% of current License price toward new product purchase if within 2 years of original purchase

9   Product Shipping and Handling

Delivery method	Price (US$)
By mail – all destinations	$15
By courier – continental USA & Canada	$50
By courier – other destinations	$75

10 Purchase

NuDesign accepts Purchase Orders for the products listed in this document. Additionally, the SNMP Applications and / or Controls can be purchased via secure on-line NuDesign's BlueSnap (formerly Plimus) store.

Purchase orders can be faxed to (416) 445 9101 or emailed to contact@ndt-inc.com

All products include Support Contracts (email and / or phone technical support and free maintenance updates) for 30 days from the date of purchase. Annual Support Contracts are recommended and can be purchased from NuDesign on request.

For any questions, please call (416) 737 0328 or toll-free (866) 886 7667 between 9 AM – 5 PM EST.

Product availability, terms and price are subject to change without notice. All prices are in US dollars.
